

## Overland Storage Promotion Gives New NEO 8000 and NEO 8000e Customers up to 1.2 Petabytes of Storage Capacity for Free

July 22, 2010

SAN DIEGO, CA, Jul 22, 2010 (MARKETWIRE via COMTEX) -- Overland Storage, Inc. (NASDAQ: OVRL), the trusted global provider of effortless data management and data protection solutions across the data lifecycle, has launched a new promotion: through September 24, customers can receive up to an additional 1.2 Petabytes of storage capacity at no extra charge with the purchase of a NEO 8000 or the recently announced NEO 8000E backup and archive solution.

Ideal for large, data intensive businesses, the NEO 8000 and NEO 8000e tape libraries provide a robust, flexible and reliable solution for businesses demanding outstanding performance in their data center environments. The promotion is part of Overland's ongoing mission to provide customers with the best combination of capacity, performance and affordability.

Customers interested in taking advantage of this promotion should visit [http://landing.overlandstorage.com/FREE\\_PR](http://landing.overlandstorage.com/FREE_PR) or call 1-888-343-7627 (US) or +1-858-571-5555 (International).

NEO 8000 and NEO 8000e are backup and archive solutions that provide:

- Capacity: Storage capacity up to 3PB
- Speed: Transfer data up to 24 TB/hr
- Protection: Protect your environment with a scalable architecture
- Availability: Ensure data availability with redundancy features
- Efficiency: Improve you efficiency and increase reliability with intelligent remote management
- Save: Reduce your cost of ownership with energy and space-saving features

The promotion for NEO 8000 and NEO 8000e customers:

- Purchase a NEO 8000 or NEO 8000e and receive the capability to store up to 1.2 PB of storage FREE
- Offer ends September 24, 2010

About Overland Storage Overland Storage is the trusted global provider of effortless data management and data protection solutions across the data lifecycle. By providing an integrated range of technologies and services for primary, nearline, offline, archival and cloud data storage, Overland makes it easy and cost effective to manage different tiers of information over time. Whether distributed data is across the hall or across the globe, Overland enables companies to focus on building their business instead of worrying about data growth. Overland SnapServer(R), NEO(R) and REO(R) solutions are available through a select network of value added resellers and system integrators.
