

## Overland Storage Offers SnapServer Customers 4TB of Free Storage

November 23, 2010

### SnapServer N2000 Customers Can Double Their Capacity for Free

SAN DIEGO, CA, Nov 23, 2010 (MARKETWIRE via COMTEX) --

Overland Storage (NASDAQ: OVRL), the trusted global provider of effortless data management and data protection solutions across the data lifecycle, today announced that as part of its "Double Your Capacity for Free" promotion, the company will offer customers the opportunity to upgrade to an 8TB SnapServer N2000 for free when they purchase a 4TB SnapServer N2000. Interested customers should take advantage of the promotion before it ends on December 23, 2010.

To participate in the promotion, please visit: <http://tinyurl.com/N2000-Promo>

#### Features and Benefits of the SnapServer N2000:

- Superior performance, throughput, and scalability  
With a quad-core Intel processor, up to 6 Gigabit Ethernet ports, and scalability to 144TB, the N2000 keeps pace with the most demanding workflows and applications.
- Best-in-class Microsoft Windows integration  
Fully compatible with Microsoft Active Directory, the entire set of 30 Windows permission attributes, and VSS/VDS for iSCSI volumes, so you can deploy the N2000 in your Windows environment with confidence and ease.
- Power through functionality  
The N2000 incorporates a comprehensive set of features including RAID, snapshots, replication, iSCSI, and Instant Capacity Expansion(TM).
- Unparalleled flexibility  
With the ability to store block and file data as well as mix high performance SAS and SATA drives, the N2000 enables you to build a truly customized storage solution.

About Overland Storage Overland Storage is the trusted global provider of effortless data management and data protection solutions across the data lifecycle. By providing an integrated range of technologies and services for primary, nearline, offline, archival and cloud data storage, Overland makes it easy and cost effective to manage different tiers of information over time. Whether distributed data is across the hall or across the globe, Overland enables companies to focus on building their business instead of worrying about data growth. Overland SnapServer(R), SnapSAN(R), NEO(R) and REO(R) solutions are available through a select network of value added resellers and system integrators.
