

Take a "Coffee Break" With Overland Storage and Learn About the SnapServer DX

March 7, 2012

Overland Premieres Educational Video Series About Unified NAS System

SAN DIEGO, CA, Mar 07, 2012 (MARKETWIRE via COMTEX) --[Overland Storage](#) (NASDAQ: [OVRL](#)), the trusted global provider of [effortless data management](#) and [data protection solutions](#) across the [data lifecycle](#), today announced its "Coffee Break" Video Series to enable end users and partners to get acquainted with the features of Overland's newest unified NAS and iSCSI SAN device, the [SnapServer DX](#). The SnapServer DX leverages Overland's new standards-based RAID technology, [DynamicRAID](#), to completely eliminate the need to provision storage capacity. The [SnapServer DX "Coffee Break" Series](#) is comprised of four educational videos:

- [SnapServer DX Introduction](#): Get to know the superior features and benefits of Overland's newest NAS solution, including DynamicRAID technology
- [Introducing DynamicRAID](#): Learn about all of the details behind DynamicRAID and how to grow capacity on the fly with a SnapServer DX system
- [Provision-free Volume Management](#): Quickly learn how to create volumes without limits while storage pools are used by all the volumes within a DynamicRAID set
- [Installing the SnapServer DX](#): Find out how to integrate the new SnapServer DX NAS System with DynamicRAID or traditional RAID

In addition to announcing the "Coffee Break" video series, Overland recently premiered a new product video on the SnapServer DX, which can be viewed at: <http://www.overlandstorage.com/dxvideo>.

About Overland Storage

Overland Storage is the trusted global provider of effortless data management and data protection solutions across the data lifecycle. By providing an integrated range of technologies and services for primary, nearline, offline, archival, and cloud data storage, Overland makes it easy and cost effective to manage different tiers of information over time. Whether distributed data is across the hall or across the globe, Overland enables companies to focus on building their business instead of worrying about data growth. Overland SnapServer®, , SnapSAN®, , NEO Series®, and REO Series®, solutions are available through a select network of value added resellers and system integrators.
