About Overland Storage
Overland Storage is a trusted global provider of unified data management and data protection solutions across the data lifecycle. By providing an integrated range of technologies and services for primary, nearline, offline, and archival data storage, Overland makes it easy and cost effective to manage different tiers of information over time, whether distributed data is across the hall or across the globe. Overland SnapServer, RDX removable disk-based technology, SnapScale, SnapServer, SnapSAN, NEO Series and REO Series solutions are available through a global channel of value-added resellers and system integrators. This channel model is supported by OEM agreements with major manufacturers. For more information, visit www.overlandstorage.com and http://www.tandbergdata.com/us/.
