

Overland-Tandberg Announces RDX 5TB Removable Disk Media Availability

March 20, 2018

Highest Capacity RDX Media Available Increases Maximum Per Cartridge Storage by 25%

SAN JOSE, Calif. and DORTMUND, Germany, March 20, 2018 (GLOBE NEWSWIRE) -- [Overland-Tandberg™](#) a brand of Sphere 3D Corp. (NASDAQ:ANY) and a leading provider of data management, backup and storage solutions, today announced the release of its new RDX® 5TB Removable Disk Media. The new 5TB cartridge is the highest capacity RDX media on the market today, increasing maximum per cartridge storage by 25 percent.

The new 5TB capacity media is ideal for usage in data-intensive environments that require the highest capacities, such as digital media and broadcast post-production workflows and archiving as well as Hybrid Cloud applications, while maintaining its rugged, shockproof design keeping customers' data protected even under the most extreme conditions. The new 5TB RDX cartridge is also fully compatible with all RDX QuikStor® and QuikStation® systems available on the market today.

"With more than 3 million RDX media and close to 2,000 exabytes of data deployed to date, the release of our RDX 5TB Removable Disk Media marks the next capacity milestone for the RDX disk-based storage family," said Hugo Bergmann, director RDX product line at Overland-Tandberg. "The product not only complements Overland-Tandberg's existing QuikStor and QuikStation solutions to meet today's most stringent storage, compliance and data protection requirements, it also offers superior benefits including instant availability for business continuity and offsite safekeeping for disaster recovery. We can now bring businesses of all sizes a reliable, easy-to-use and cost-effective data protection and archive solution."

Product Availability

RDX 5TB Removable Disk Media are now available for order through authorized Overland-Tandberg channel partners, starting at an MSRP of €635 Euros or \$739 US dollars.
