Overland Storage Debuts REO SERIES(TM) Backup and Recovery Appliance at Gartner Midsize Enterprise Summit

September 10, 2003

What: Overland Storage (Nasdaq: OVRL) will demonstrate its REO SERIES(TM) R2000 application backup acceleration appliance, a powerful iSCSI appliance that resides on the network between application servers and backup servers. The R2000 dramatically accelerates backup and recovery performance by consolidating data from up to eight application servers simultaneously.

When: Thursday, Sept. 11, 2003, and Friday, Sept. 12, 2003

Where: Gartner Midsize Enterprise Summit Renaissance Austin Hotel, Texas Booth 325

For more information: To schedule a meeting or for additional information, please contact Melinda Hutcheon at mchutcheon@overlandstorage.com or 800.729.8725 x4187, or visit the Overland Storage booth during the exposition.
