

Overland Storage Debuts NEO SERIES(R) 8000 Tape Library at Storage Networking World

April 5, 2004

What: Overland Storage (Nasdaq: OVRL) will publicly demonstrate for the first time in the U.S. the newest member of its NEO SERIES(R) of tape libraries, the NEO 8000. Designed for the large data center and built on the award-winning NEO architecture, the NEO 8000 offers industry-leading performance, scalability, data availability and field-proven technology at the best value in its class. The NEO 8000 tape library is now available worldwide through select Overland partners.

When: Tuesday, April 6, 5:30 to 8:30 p.m. Wednesday, April 7, noon to 1:30 p.m., and 5:15 to 7:15 p.m.

Where: Storage Networking World JW Marriott Desert Ridge Resort, Phoenix, Ariz. Booth G16

For more To schedule a meeting or for additional information, please information: contact Melinda Hutcheon at mhutcheon@overlandstorage.com or 800.729.8725, ext. 4187, or visit the Overland Storage booth during the exposition.

About Overland Storage

For more than 20 years, Overland Storage has delivered world-class data protection solutions designed to ensure business continuity. Focused on backup and recovery, Overland's data protection solutions are designed for midrange- computer environments. These include NEO SERIES, the award-winning automated storage libraries that set the standard for intelligent, automated and scalable storage, and REO, the disk-based backup and recovery acceleration appliance. Overland sells its products worldwide through leading OEMs, commercial distributors, storage integrators and value-added resellers. For more information, visit Overland's website at www.overlandstorage.com.
