

Overland Storage Offers Best Practices Webinar on VTL Deployment Strategies

October 4, 2006

Analyst Brad O'Neill and IS Manager From Leading Law Firm to Discuss
Real-World Deployment of Innovative Virtual Tape Library Solutions

What: In this exclusive Webinar, Brad O'Neill, senior analyst with The Taneja Group, and James McKane, information systems manager of Kaufman and Canoles law firm, will discuss best practices for integrating Virtual Tape Library (VTL) for greater data protection. Discussion topics will include an update on the state of the VTL market, deployment scenarios for VTL, leveraging VTL in remote sites as well as how VTL plays a key role in data protection. In addition, the Webinar will include a first-hand account of Kaufman and Canoles' experience with deploying Overland's REO SERIES VTL disk-based backup and recovery appliance.

When: Thursday, October 5, 11 a.m. PDT / 2 p.m. EDT

Where: To attend this exclusive Overland Storage Webinar, please register online at: <https://overlandstorage.webex.com>, and click on "VTL in the Real World Webinar."

About Overland Storage

Now in its 25th year, Overland Storage is a market leader and innovative provider of simply protected storage solutions -- smart data protection appliances and software modules designed to work together, affordably, to ensure that information is automatically safe, readily available and always there. Overland's award-winning data protection solutions include the ULTAMUS SERIES(TM) of protected primary storage appliances; the REO SERIES(R) of disk-based backup, recovery and VTL appliances; and the NEO SERIES(R) and ARCvault(TM) tape automation solutions. Overland sells its products through leading OEMs, commercial distributors, storage integrators and value-added resellers. For more information, visit Overland's web site at www.overlandstorage.com.
