### WHERE YOU CAN FIND ADDITIONAL INFORMATION

We are subject to the informational requirements of the Securities Exchange Act of 1934, as amended, applicable to foreign private issuers. We anticipate filing with the SEC, within three months after the end of each fiscal year, an Annual Report on Form 40-F containing financial statements audited by an independent accounting firm. We also file with the SEC Reports of Foreign Private Issuer on Form 6-K and other information with the SEC as required by the Exchange Act. We, as a “foreign private issuer,” are exempt from the rules under the Exchange Act prescribing certain disclosure and procedural requirements for proxy solicitations, and our officers, directors and principal shareholders are exempt from the reporting and “short-swing” profit recovery provisions contained in Section 16 of the Exchange Act, with respect to their purchases and sales of shares. In addition, we are not required to file annual, quarterly and current reports and financial statements with the SEC as frequently or as promptly as U.S. companies whose securities are registered under the Exchange Act. You can find, copy and inspect information we file with the SEC (including exhibits to such documents) at the SEC’s Public Reference Room at 100 F Street, N.E., Washington, D.C. 20549. You may obtain additional information about the Public Reference Room by calling the SEC at 1-800-SEC-0330. In addition, the SEC maintains a site on the Internet at <http://www.sec.gov> which contains reports and other information that we file electronically with the SEC. You may also review such reports and other documents we file with the SEC on our website at <http://www.sphere3d.com>. Information included on our website is not a part of this prospectus. This prospectus is part of a registration statement that we filed with the SEC. The registration statement contains more information than this prospectus regarding our common shares and us, including exhibits.

## Recent Developments

### Registered Direct Sales

On September 28, 2015 and October 14, 2015, we closed on the issuance and sale of, in the aggregate, 1,417,961 of our common shares, warrants exercisable to purchase up to 354,490 common shares, adjustment warrants which may, in certain circumstances, become exercisable to purchase a number of common shares to be determined at such time (if any) as such adjustment warrants become exercisable following an additional financing by us prior to December 31, 2015, for an aggregate offering price of approximately U.S.\$3.3 million. Each of these warrants has an initial exercise price of U.S.\$2.33 per warrant share. The warrants are immediately exercisable and have a five year term. Each adjustment warrant has an initial exercise price of U.S.\$0.01 per common share. The adjustment warrants will become exercisable if we complete an additional financing prior to December 31, 2015, including with this offering, under the circumstances described below in the section entitled “Risk Factors” beginning on page S-6, and, in the event they become exercisable, will expire on March 31, 2016.

As a result of the issuance and sale of the shares pursuant to the purchase agreement we entered into on September 22, 2015, we triggered certain price protection provisions in that certain purchase agreement, by and between us and an investor, dated as of August 10, 2015, as amended. As a result, we issued to the investor an additional 252,308 common shares and additional warrants for the purchase of up to 252,308 common shares. These warrants are immediately exercisable and have a five year term. Pursuant to the terms of our registration rights agreement with the investor, we are required to register the shares and the shares issuable upon exercise of the warrant. This registration statement on Form F-3 registers these shares.

In addition, in connection with the consummation of the offering pursuant to the subscription and purchase agreements we entered into on November 30, 2015, we triggered price protection provisions in each of the warrants and adjustment warrants issued in connection with our recent registered direct sales and in our August 2015 purchase agreement. As a result, (a) the number of common shares issuable upon exercise of the warrants issued in our recent registered direct financings increased by 1,297,436, (b) the adjustment warrants we issued in our recent registered direct financings became exercisable for 233,964 common shares, (c) we issued 141,631 common shares to the investor in our August purchase agreement, and (d) the number of common shares issuable upon exercise of the warrant issued to the investor pursuant to the August purchase agreement increased by 141,631. We will be required to register these common shares and common shares issuable upon exercise of the warrant issued to the investor pursuant to our August purchase agreement.

### Restricted Equity Issuances

At our June 2015 Annual and Special Meeting of Shareholders, the shareholders approved the adoption of our 2015 Performance Incentive Plan, initially authorizing the award of up to a maximum of 8,790,315 common shares pursuant to the plan, as well as approved our Employee Stock Purchase Plan, authorizing the purchase of up to 2,000,000 common shares by employees under the plan. On August 26, 2015, our Compensation Committee granted to certain executive officers awards of, in aggregate, 1.9 million restricted stock units and 0.5 million of non-qualified stock options. The restricted stock units vest and are payable over a period of approximately 2.5 years. On August 31, 2015, the non-qualified stock options vested 22.22% and the remainder vests in a series of equal monthly amounts over 2.3 years.

### V3 Litigation

In April 2015, we filed a proof of claim in connection with bankruptcy proceedings of V3 Systems, Inc. (“V3”) based on breaches by V3 of the Asset Purchase Agreement entered into between V3 and us dated February 11, 2014 (the “APA”). On October 6, 2015, U.S. Dissolution Liquidating Trust, the apparent successor to V3, filed a complaint against us and certain of our current and former directors in the United States Bankruptcy Court for the District of Utah Central Division objecting to our proof of claim and asserting claims for affirmative relief against us and our directors. This complaint alleges, among other things, that we breached the APA and engaged in securities fraud in connection with the issuance of the common shares issued to V3 in connection therewith. The plaintiff claims that the alleged breaches and certain other actions and/or omissions on the part of Sphere and its directors resulted in V3’s failure to receive earn-out consideration under the APA and caused V3 to be unable to timely sell the Sphere common shares received by V3 pursuant to the APA and, as a result, V3 defaulted on several debts, ultimately leading to its bankruptcy. The plaintiff seeks, among other things, monetary damages for the loss of the potential earn-out consideration, the value of the common shares held back by us pursuant to the APA and costs and fees. We believe the lawsuit to be without merit and intend to vigorously defend against the action.

### Settlement of Merger Litigation

On October 2, 2015, the court in the previously disclosed consolidated action relating to our merger with Overland Storage, Inc. approved the terms of the class action settlement and the merger litigation was dismissed with prejudice and terminated on that date. The consolidated action had alleged breaches of fiduciary duties and conflicts of interest against Overland’s directors relating to the merger process, the terms of the merger agreement, and the consideration to be received by Overland’s shareholders under the terms of the merger agreement. On June 26, 2015, the court had preliminarily approved the proposed settlement under a memorandum of understanding and stipulation of settlement entered into between plaintiffs and defendants. The memorandum of understanding provided, among other things, for the inclusion of supplemental disclosures in Amendment No. 2 to the Registration Statement on Form F-4 that was filed with the Securities and Exchange Commission on October 14, 2014.

### Amendment to Convertible Debenture

The Company has entered into an amendment to its 8% Senior Secured Convertible Debenture with FBC Holdings S.A.R.L. (“FBC”). Pursuant to this amendment and on the condition that the Company provides to FBC subscription agreements evidencing the raise by the Company of at least \$2,750,000 (the “Raise”) in immediately available funds through the issuance of common shares and/or warrants (i) FBC will make a loan to the Company of an additional \$5,000,000 pursuant to the terms of the Company’s revolving credit agreement with FBC upon the Company’s request, (ii) the Company will then reduce the conversion price for the entire principal of the debenture to \$3.00 per common share, (iii) if the maturity date of the Company’s Silicon Valley Bank credit facility is extended beyond its current maturity date (which would automatically cause the extension of the loans made pursuant to the Company’s revolving credit agreement with FBC), the Company will issue warrants to FBC to purchase up to 500,000 common shares at a price per share equal to 110% of the closing price of the common shares on The NASDAQ Global Market immediately prior to the date of any such extension and (iv) any failure to complete the Raise prior to December 15, 2015 will constitute a default under the debenture.

Before making an investment decision, you should carefully consider these risks as well as other information we include or incorporate by reference in this prospectus and the accompanying prospectus supplement. ### **Risks Related to Our Common Shares and this Offering**

***Our share price has been volatile and your investment in our common shares could decrease in value.***

The market price for securities of technology companies, including ours, historically has been highly volatile, and the market from time to time has experienced significant price and volume fluctuations that are unrelated to the operating performance of such companies. For example, during the 12-month period ended September 30, 2015, our closing share price on The NASDAQ Global Market has ranged from a low of \$1.99 to a high of \$9.50. Fluctuations in the market price or liquidity of our common shares may harm the value of your investment in our common shares. You may not be able to resell your common shares at or above the price you pay for those shares due to fluctuations in the market price caused by changes in our operating performance or prospects and other factors, including, among others:

- actual or anticipated fluctuations in our operating results or future prospects;
- our announcements or our competitors' announcements of new products;
- public reaction to our press releases, our other public announcements and our filings with the SEC;
- strategic actions by us or our competitors;
- changes in financial markets or general economic conditions;
- our ability to raise additional capital as needed;
- developments regarding our patents or proprietary rights or those of our competitors; and
- changes in stock market analyst recommendations or earnings estimates regarding our common shares, other comparable companies or our industry generally.

***Future sales of our common shares could adversely affect the market price and our future capital-raising activities could involve the issuance of equity securities, which would dilute your investment and could result in a decline in the trading price of our common shares.***

We may sell securities in the public or private equity markets if and when conditions are favorable, even if we do not have an immediate need for additional capital at that time. Sales of substantial amounts of common shares, or the perception that such sales could occur, could adversely affect the prevailing market price of our common shares and our ability to raise capital. We may issue additional common shares in future financing transactions or as incentive compensation for our executive management and other key personnel, consultants and advisors. Issuing any equity securities would be dilutive to the equity interests represented by our then-outstanding common shares. The market price for our common shares could decrease as the market takes into account the dilutive effect of any of these issuances.

***Sales of shares issued in recent placements may cause the market price of our shares to decline.***

We have recently closed private placements and issued common shares and warrants exercisable to purchase our common shares. Further, we have agreed to register with the SEC the common shares issued in these offerings and issuable upon exercise of the warrant for resale. Upon the effectiveness of the registration statements for these offerings, the common shares issued in the offerings and issuable upon exercise of the warrants may be freely sold in the open market. The sale of a significant amount of these common shares in the open market, or the perception that these sales may occur, could cause the market price of our common shares to decline or become highly volatile.

***Future sales of our common shares and warrants under certain circumstances may trigger price-protection provisions in certain of private placement agreements, outstanding warrants and adjustment warrants, which would dilute your investment and could result in a decline in the trading price of our common shares.***

If, at any time until December 31, 2015, we complete an equity financing involving the issuance and sale of our common shares and related additional warrants at a price per common share that is lower than \$2.33, then (a) the initial exercise price for the warrants we issued in our recent registered direct financings will be adjusted to equal the exercise price of such additional warrants (if lower) as of the date of the consummation of their sale and (b) if the warrant coverage in such financing is greater than 25%, the number of common shares issuable upon exercise of the warrants issued in our recent registered direct financings will be increased to the product obtained by multiplying the number of common shares issuable upon exercise of these warrants immediately prior to the adjustment by, the quotient obtained by dividing: (x) the number of common shares issuable upon exercise of the additional warrants issued divided by the number of common shares issued in such additional equity financing to the holders of the additional warrants; by (y) the number of common shares issuable upon exercise of the warrants issued in our recent registered direct financings immediately prior to the adjustment divided by the number of common shares issued to the investor in our recent registered direct financings (aggregated with common shares issuable to the warrant holder pursuant to adjustable warrants) or (c) if the warrant coverage in such financing is less than 25%, the number of common shares issuable upon exercise of the warrants issued in our recent registered direct financings shall be increased to 25% of the quotient obtained by dividing the aggregate purchase price paid by the warrant holder by the per share purchase price in the additional financing.

In addition, if, at any time until December 31, 2015, we complete an equity financing involving the issuance and sale of our common shares at a price per share that is lower than \$2.33, then the adjustment warrants we issued in our recent registered direct financings shall become exercisable for that number of common shares equal to (i) the number of common shares that the adjustment warrant holder would have received for its aggregate investment amount in our recent registered direct financings had the purchase price for one common share, a warrant and an adjustment warrant been equal to the purchase price per share in such additional equity financing minus (ii) the number of common shares actually purchased by such investor in our recent registered direct financings.

Further, we have agreed to give the investor in our August 2015 private placement additional common shares, adjust the exercise price for the warrants issued to this investor, and issue additional warrants exercisable for the purchase of our common shares if, in connection with an equity capital raise for cash on or before December 31, 2015, we sell common shares at a price per share that is lower than \$2.33 per share or sell new warrants to purchase common shares with an exercise price per share that is lower than \$2.33. The number of additional common shares the investor would receive would equal the difference between (x) the number of shares that the investor would have received had the purchase price been equal to the per share purchase price at which common shares were issued in the additional equity financing and (y) the aggregate number of common shares purchased by the investor in the August private placement, the adjusted share amount. The exercise price of the warrant would be adjusted to equal the exercise price per share of the warrants issued in the additional equity financing (if lower) as of the date of the consummation of the additional equity financing. The number of common shares issuable upon exercise of each warrant would be increased to equal the adjusted share amount. We triggered the price protection provision in this August 2015 purchase agreement in connection with our recent registered direct financings, resulting in the issuance to this investor of an additional 252,308 common shares and warrants exercisable to purchase 252,308 common shares. We are not obligated to issue additional common shares to the investor to the extent that any such issuance, together with any issuance of common shares or additional warrants, may constitute or be convertible into common shares that constitute, greater than 19.999% of common shares or voting power of the Company outstanding immediately prior to entry into the August 2015 purchase agreement.

In connection with the consummation of the offering pursuant to the subscription and purchase agreements we entered into on November 30, 2015, we triggered price protection provisions in each of the warrants and adjustment warrants issued in connection with our recent registered direct sales and in our August 2015 purchase agreement. As a result, (a) the number of common shares issuable upon exercise of the warrants issued in our recent registered direct financings increased by 1,297,436, (b) the adjustment warrants we issued in our recent registered direct financings became exercisable for 233,964 common shares, (c) we issued 141,631 common shares to the investor in our August purchase agreement, and (d) the number of common shares issuable upon exercise of the warrant issued to the investor pursuant to the August purchase agreement increased by 141,631. We will be required to register these common shares and common shares issuable upon exercise of the warrant issued to the investor pursuant to our August purchase agreement.

In connection with the asset purchase agreement we entered into with Imation Corp., dated as of August 10, 2015, we issued to Imation a warrant for the purchase of our common shares. If the gross proceeds received by Imation from the sale of our common shares issued to it pursuant to the asset purchase agreement are less than \$4.9 million, Imation can exercise the warrant for up to 250,000 common shares for an exercise price of \$0.01 per common share such that upon the sale of such common shares issuable upon the exercise of the warrant, Imation has received, together with the gross proceeds received by Imation for the sale of the common shares issued to it pursuant to the asset purchase agreement, equals \$4.9 million.

***We may have to pay liquidated damages to our investors, which will increase our negative cash flows.***

In connection with our recent private placements, we entered into registration rights agreements. Under the terms of these registration rights agreements, subject to certain limited exceptions, if registration statements covering the shares issued or issuable pursuant to warrants issued in such placements have not been declared effective within the time periods specified in the registration rights agreements or we otherwise fail to comply with certain provisions set forth in the registration rights agreements, then we will

be required to pay liquidated damages. There can be no assurance that the registration statements will be declared effective by the SEC or will remain effective for the time periods necessary to avoid payment of liquidated damages.

***We do not expect to pay cash dividends on our common shares for the foreseeable future.***

We have never paid cash dividends on our common shares and do not anticipate that any cash dividends will be paid on the common shares for the foreseeable future. The payment of any cash dividend by us will be at the discretion of our board of directors and will depend on, among other things, our earnings, capital, regulatory requirements and financial condition.

***We may not be able to maintain our listing on The NASDAQ Global Market , or trading on this exchange may otherwise be halted or suspended, which may make it more difficult for investors to sell our common shares and consequently may negatively impact the price of our common shares.***

Maintaining the listing of our common shares on The NASDAQ Global Market requires that we comply with certain listing requirements. If our common shares cease to be listed for trading on The NASDAQ Global Market for any reason, it may harm our share price, increase the volatility of our share price, decrease the level of trading activity and make it more difficult for investors to buy or sell our common shares. Our failure to maintain a listing on The NASDAQ Global Market may constitute an event of default under our current and any future indebtedness, which would accelerate the maturity date of such debt or trigger other obligations. In addition, certain institutional investors that are not permitted to own securities of non-listed companies may be required to sell their shares adversely affecting the market price of our common shares. If we are not listed on The NASDAQ Global Market or if our public float falls below \$75 million or do not otherwise meet the requirements for the use of Form F-3, we will be limited in our ability to file new shelf registration statements on SEC Form F-3 and/or to fully use one or more registration statements on SEC Form F-3. Any such limitations may harm our ability to raise the capital we need.

### **Risks Related to Intellectual Property**

***Although we believe we have a proprietary platform for our technologies and products, we or our customers may in the future become subject to claims for infringement of intellectual property rights owned by others. Further, to protect our own intellectual property rights, we may in the future bring claims for infringement against others.***

Our commercial success depends, in part, upon not infringing intellectual property rights owned by others. Although we believe that we have a proprietary platform for our technologies and products, we cannot determine with certainty whether any existing third party patents or the issuance of any third party patents would require us to alter our technology, obtain licenses or cease certain activities. We may become subject to claims by third parties that our technology infringes their intellectual property rights. While we provide our customers with a qualified indemnity against the infringement of third party intellectual property rights, we may become subject to these claims either directly or through indemnities against these claims that we routinely provide to our end-users and channel partners.

Further, our customers may use our products in ways that may infringe the intellectual property rights of third parties and/or require a license from third parties. Although we encourage our customers to use our products only in a manner that does not infringe third party intellectual property rights, and we know that most of our clients do so, we cannot guarantee that such third parties will not seek remedies against us for providing products that may enable our customers to infringe the intellectual property rights of others. We would vigorously defend any such claims.

In addition, we may receive in the future, claims from third parties asserting infringement, claims based on indemnities provided by us, and other related claims. Litigation may be necessary to determine the scope, enforceability and validity of third party proprietary or other rights, or to establish our proprietary or other rights. Furthermore, despite precautions, it may be possible for third parties to obtain and use our intellectual property without our authorization. Policing unauthorized use of intellectual property is difficult, and some foreign laws do not protect proprietary rights to the same extent as the laws of Canada or the United States. To protect our intellectual property, we may become involved in litigation. In addition, other companies may initiate similar proceedings against us. The patent position of information technology firms in particular is highly uncertain, involves complex legal and factual questions, and continues to be the subject of much litigation. No consistent policy has emerged from the U.S. Patent and Trademark Office or the courts regarding the breadth of claims allowed or the degree of protection afforded under information technology patents.

Some of our competitors have, or are affiliated with companies having, substantially greater resources than us and these competitors may be able to sustain the costs of complex intellectual property litigation to a greater degree and for a longer period of time than us. Regardless of their merit, any such claims could:

- divert the attention of our management, cause significant delays, materially disrupt the conduct of our business or materially adversely affect our revenue, financial condition and results of operations;

- be time consuming to evaluate and defend;
- result in costly litigation and substantial expenses;
- cause product shipment delays or stoppages;
- subject us to significant liabilities;
- require us to enter into costly royalty or licensing agreements;
- require us to modify or stop using the infringing technology; or
- result in costs or other consequences that have a material adverse effect on our business, results of operations and financial condition.

### **Risks Related to our Business**

***If we are unable to generate sufficient cash from operations or raise additional financing, we may be unable to fund our operations.***

We require sufficient cash from operations together with cash from debt, equity or equity based financing, including financing from this offering, to fund our operations as currently conducted. Our available cash and cash equivalents was \$5.0 million and our outstanding indebtedness was \$29.8 million as of September 30, 2015. Cash forecasts and capital requirements are subject to change as a result of a variety of risks and uncertainties. Cash from operations can change as a result of a variety of factors including changes in sales levels, unexpected increases in product costs, increases in operating costs, and changes to the historical timing of collecting accounts receivable. In addition, we expect to continue to need raise debt, equity and equity-linked financing in the near future, but such financing may not be available on favorable terms on a timely basis or at all. If we are unable to generate sufficient cash from operations or financing sources, we may be forced to make further reductions in spending, extend payment terms with suppliers, liquidate assets where possible and/or curtail, suspend or cease planned programs or operations generally or possibly seek bankruptcy protection, which would have a material adverse effect on our business, results of operations, financial position and liquidity.

## USE OF PROCEEDS

We will not receive any of the proceeds from the sale or other disposition of the common shares offered hereby. However, we will receive the exercise price of any warrants exercised for cash. To the extent that we receive cash upon exercise of any warrants, we expect to use that cash for general corporate purposes.

## SELLING SHAREHOLDER

We have prepared this prospectus to allow the selling shareholder or its donees, pledgees, transferees or other successors in interest to sell or otherwise dispose of, from time to time, up to an aggregate of 787,878 common shares or common shares issuable upon exercise of the warrants. The table below presents information regarding the selling shareholder, the common shares beneficially owned prior to the private placement offering and the common shares that they may sell or otherwise dispose of from time to time under this prospectus.

We do not know when or in what amounts the selling shareholder may sell or otherwise dispose of the common shares covered hereby. The selling shareholder might not sell any or all of the shares covered by this prospectus or may sell or dispose of some or all of the shares other than pursuant to this prospectus. Because the selling shareholder may not sell or otherwise dispose of some or all of the shares covered by this prospectus and because there are currently no agreements, arrangements or understandings with respect to the sale or other disposition of any of the shares, we cannot estimate the number of the shares that will be held by the selling shareholder after completion of the offering. However, for purposes of this table, we have assumed that all of the common shares covered by this prospectus will be sold by the selling shareholder.

(1) Beneficial ownership is determined in accordance with Section 13(d) of the Exchange Act and generally includes voting and investment power with respect to securities and including any securities that grant the selling shareholder the right to acquire common shares within 60 days of December 7, 2015. Percentage ownership is based on an aggregation of the 43,333,042 common shares issued and outstanding as of December 7, 2015 and assuming full exercise of all warrants to purchase an aggregate of 393,939 common shares issued in this private placement. This amounts totals 44,120,920 common shares.

(2) Unless otherwise indicated, this table is based on information supplied to us by the selling shareholders and certain of our records.

(3) All 787,878 common shares offered pursuant to this prospectus were acquired pursuant to price protection provisions contained in the transaction documents entered into in connection with the private placement offering or are issuable upon exercise of the warrants issued pursuant to the same.

(4) Mr. Victor B. MacFarlane has voting and investment power with respect to the common shares held by this selling shareholder. The address for this selling shareholder is: 201 Spear Street 14<sup>th</sup> Floor, San Francisco, California 94105.

## PLAN OF DISTRIBUTION

We are registering the common shares previously issued and issuable upon exercise of the warrants to permit the resale of the common shares by the selling shareholders. We will not receive any of the proceeds from the sale by the selling shareholders of the common shares. We will bear all fees and expenses incident to our obligation to register the common shares.

The selling shareholders, which as used herein includes donees, pledgees, transferees or other successors-in-interest selling common shares or interests in common shares received after the date of this prospectus from a selling shareholder as a gift, pledge, partnership distribution or other transfer, may, from time to time, sell, transfer or otherwise dispose of any or all of their common shares or interests in common shares on any stock exchange, market or trading facility on which the shares are traded or in private transactions. These dispositions may be at fixed prices, at prevailing market prices at the time of sale, at prices related to the prevailing market price, at varying prices determined at the time of sale, or at negotiated prices.

The selling shareholders may use any one or more of the following methods when disposing of shares or interests therein:

- ordinary brokerage transactions and transactions in which the broker-dealer solicits purchasers;
- block trades in which the broker-dealer will attempt to sell the shares as agent, but may position and resell a portion of the block as principal to facilitate the transaction;
- purchases by a broker-dealer as principal and resale by the broker-dealer for its account;
- an exchange distribution in accordance with the rules of the applicable exchange;
- privately negotiated transactions;
- short sales effected after the date the registration statement of which this prospectus is a part is declared effective by the SEC;
- through the writing or settlement of options or other hedging transactions, whether through an options exchange or otherwise;
- broker-dealers may agree with the selling shareholders to sell a specified number of such shares at a stipulated price per share;
- a combination of any such methods of sale; and
- any other method permitted by applicable law.

If the selling shareholders effect such transactions by selling common shares to or through underwriters, broker-dealers or agents, such underwriters, broker-dealers or agents may receive commissions in the form of discounts, concessions or commissions from the selling shareholders or commissions from purchasers of the common shares for whom they may act as agent or to whom they may sell as principal (which discounts, concessions or commissions as to particular underwriters, broker-dealers or agents may be in excess of those customary in the types of transactions involved).

The selling shareholders may, from time to time, pledge or grant a security interest in some or all of the common shares owned by them and, if they default in the performance of their secured obligations, the pledgees or secured parties may offer and sell the common shares, from time to time, under this prospectus, or under an amendment to this prospectus under Rule 424(b)(3) or other applicable provision of the Securities Act amending the list of selling shareholders to include the pledgee, transferee or other successors in interest as selling shareholders under this prospectus. The selling shareholders also may transfer the common shares in other circumstances, in which case the transferees, pledgees or other successors in interest will be the selling beneficial owners for purposes of this prospectus.

In connection with the sale of our common shares or interests therein, the selling shareholders may enter into hedging transactions with broker-dealers or other financial institutions, which may in turn engage in short sales of the common shares in the course of hedging the positions they assume. The selling shareholders may also sell our common shares short and deliver these securities to close out their short positions, or loan or pledge the common shares to broker-dealers that in turn may sell these securities. The selling shareholders may also enter into option or other transactions with broker-dealers or other financial institutions or the creation of one or more derivative securities which require the delivery to such broker-dealer or other financial institution of shares offered by this prospectus, which shares such broker-dealer or other financial institution may resell pursuant to this prospectus (as supplemented or amended to reflect such transaction).

The aggregate proceeds to the selling shareholders from the sale of the common shares offered by them will be the aggregate purchase price of the common shares less aggregate discounts or commissions, if any. Each of the selling shareholders reserves the right to accept and, together with their agents from time to time, to reject, in whole or in part, any proposed purchase of common shares to be made directly or through agents. We will not receive any of the proceeds from this offering. Upon any exercise of the warrants by payment of cash, however, we will receive the exercise price of the warrants.

The selling shareholders also may resell all or a portion of the shares in open market transactions in reliance upon Rule 144 under the Securities Act, provided that they meet the criteria and conform to the requirements of that rule.

The selling shareholders and any underwriters, broker-dealers or agents that participate in the sale of the common shares or interests therein may be, “underwriters” within the meaning of Section 2(11) of the Securities Act. Any discounts, commissions, concessions or profit they earn on any resale of the shares may be underwriting discounts and commissions under the Securities Act. Selling shareholders who are “underwriters” within the meaning of Section 2(11) of the Securities Act will be subject to the prospectus delivery requirements of the Securities Act.

To the extent required, the common shares to be sold, the names of the selling shareholders, the respective purchase prices and public offering prices, the names of any agents, dealer or underwriter, any applicable commissions or discounts with respect to a particular offer will be set forth in an accompanying prospectus supplement or, if appropriate, a post-effective amendment to the registration statement that includes this prospectus.

In order to comply with the securities laws of some states, if applicable, the common shares may be sold in these jurisdictions only through registered or licensed brokers or dealers. In addition, in some states the common shares may not be sold unless it has been registered or qualified for sale or an exemption from registration or qualification requirements is available and is complied with.

We have advised the selling shareholders that the anti-manipulation rules of Regulation M under the Exchange Act may apply to sales of shares in the market and to the activities of the selling shareholders and their affiliates. In addition, to the extent applicable we will make copies of this prospectus (as it may be supplemented or amended from time to time) available to the selling shareholders for the purpose of satisfying the prospectus delivery requirements of the Securities Act. The selling shareholders may indemnify any broker-dealer that participates in transactions involving the sale of the shares against certain liabilities, including liabilities arising under the Securities Act.

We have agreed to indemnify the selling shareholders against liabilities, including liabilities under the Securities Act and state securities laws, relating to the registration of the shares offered by this prospectus.

We have agreed with the selling shareholders to keep the registration statement of which this prospectus constitutes a part effective until the earlier of (1) such time as all of the shares covered by this prospectus have been disposed of pursuant to and in accordance with the registration statement or (2) the date on which the shares may be sold without restriction pursuant to Rule 144 of the Securities Act.

## ENFORCEABILITY OF CIVIL LIABILITIES AGAINST FOREIGN PERSONS

We are a corporation governed by the Business Corporations Act (Ontario) and by the applicable federal laws of Canada. Certain of our directors and officers and some of the experts named in this prospectus reside outside the United States and a majority of their assets are located outside the United States. It may not be possible for you to effect service of process within the United States on these persons. Furthermore, it may not be possible for you to enforce against us or them, in the United States, judgments obtained in United States courts, because a significant portion of our assets and the assets of these persons are located outside the United States.

We have been advised that there are strong defenses that can be raised as to the enforceability, in original actions in Canadian courts, of liabilities based on the United States federal securities laws or “blue sky” laws of any state within the United States and to the enforceability in Canadian courts of judgments of United States courts obtained in actions based on the civil liability provisions of the United States federal securities laws or any such state securities or blue sky laws such that the enforcement in Canada of such liabilities and judgments is not certain such that the enforcement in Canada of such liabilities and judgments is not certain. Therefore, it may not be possible to enforce those judgments against us, our directors and officers and some of the experts named in this prospectus.

## OFFERING EXPENSES

The following table lists the costs and expenses payable us in connection with the sale of the common shares covered by this prospectus other than any sales commissions or discounts, which expenses will be paid by the selling shareholders. The estimates do not include expenses related to offerings of particular securities. Each prospectus supplement describing an offering of securities will reflect the estimated expenses related to the offering of securities under that prospectus supplement. All amounts shown are estimates except for the SEC registration fee.

SEC registration fee	\$	138
Legal fees and expenses		20,000
Accounting fees and expenses		5,000
Miscellaneous expenses		5,000
Total	\$	<u>40,138</u>

## SHARE CAPITAL

As of December 7, 2015, 43,333,042 common shares were issued and outstanding, all of which have been duly approved and are registered on our books. Our articles of amalgamation permit the issuance of an unlimited number of common shares. All of the outstanding common shares are fully paid and non-assessable. Within the past five years, more than 10% of our capital stock has been paid for with assets other than cash.

Our articles of amalgamation, bylaws, and Registration Statement on Form 8-A describe the rights attached to our common shares more fully. These documents are filed as exhibits to the registration statement of which this prospectus forms a part or are incorporated by reference. See the section entitled "Where You Can Find Additional Information" on page 1.

Nasdaq Stock Market Marketplace Rules permit Nasdaq-listed companies that are foreign private issuers to follow home country practices in lieu of the corporate governance provisions specified by the Nasdaq with limited exceptions. While we intend to comply with most of these rules, we plan to follow home country rules with respect to shareholder approval requirements for the issuance of securities in lieu of following Nasdaq's shareholder approval requirements under Nasdaq Listing Rule 5635. Other than with respect to certain actions, including consummation of amalgamations (mergers), plans of arrangement, and certain related party transactions, the Business Corporations Act (Ontario) and applicable Canadian securities legislation generally do not require that shareholders approve the issuance of securities. As a result of this election or if in the future we elect to follow other home country practices, shareholders may be afforded less protection than they otherwise would have under the Nasdaq corporate listing standards applicable to U.S. domestic issuers.

### INDEMNIFICATION OF DIRECTORS AND OFFICERS

Under the Business Corporations Act (Ontario), we may indemnify a director or officer, a former director or officer or another individual who acts or acted at our request as a director or officer, or an individual acting in a similar capacity, of another entity, against all costs, charges and expenses, including an amount paid to settle an action or satisfy a judgment, reasonably incurred by the individual in respect of any civil, criminal, administrative, investigative or other proceeding in which the individual is involved because of that association with us or another entity on condition that (i) the individual acted honestly and in good faith with a view to our best interests or, as the case may be, to the best interests of the other entity for which the individual acted as a director or officer or in a similar capacity at our request, and (ii) in the case of a criminal or administrative action or proceeding that is enforced by a monetary penalty, the individual also had reasonable grounds for believing that his or her conduct was lawful. Further, we may, with court approval, indemnify an individual described above in respect of an action by or on our behalf or other entity to obtain a judgment in its favor, to which the individual is made a party because of the individual's association with us or another entity, against all costs, charges and expenses reasonably incurred by the individual in connection with such action if the individual fulfills condition (i) above. An individual as described above is entitled as a matter of right to indemnification from us in respect of all costs, charges and expenses reasonably incurred by such individual in connection with the defense of any civil, criminal, administrative, investigative or other proceedings to which such individual is subject if he or she was not judged by a court or other competent authority to have committed any fault or omitted to do anything that he or she ought to have done, and has fulfilled conditions (i) and (ii) above.

In accordance with the Business Corporations Act (Ontario), we have agreed to indemnify each of our directors and officers against all costs, charges and expenses, including an amount paid to settle an action or satisfy a judgment, reasonably incurred by him in respect of any civil, criminal, administrative action or proceeding in which such individual is involved by reason of his association with us or another entity if he acted honestly and in good faith with a view to our best interests or such other entity, and he had reasonable grounds for believing that his conduct was lawful.

We maintain a policy of directors' and officers' liability insurance, which insures directors and officers for losses as a result of claims against our directors and officers in their capacity as directors and officers and also reimburses us for payments made pursuant to the indemnity provisions under our bylaws and the Business Corporations Act (Ontario).

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers or persons controlling us pursuant to the foregoing provisions, we have been informed that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable.

**INFORMATION NOT REQUIRED IN PROSPECTUS**

**Item 9. Exhibits and Financial Statement Schedules**

The exhibits to this registration statement are listed in the Exhibit Index that appears immediately following the signature pages of this registration statement. Such Exhibit Index is hereby incorporated in this Item 9 by reference.

**Item 10. Undertakings**

(a) The undersigned registrant hereby undertakes:

1. To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or percent change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement.

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement.

*provided, however*, that paragraphs (i), (ii), and (iii) do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

2. That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

3. To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

4. To file a post-effective amendment to the registration statement to include any financial statements required by Item 8.A. of Form 20-F at the start of any delayed offering or throughout a continuous offering. Financial statements and information otherwise required by Section 10(a)(3) of the Securities Act need not be furnished, provided, that we include in the prospectus, by means of a post-effective amendment, financial statements required pursuant to this paragraph (4) and other information necessary to ensure that all other information in the prospectus is at least as current as the date of those financial statements. Notwithstanding the foregoing, a post-effective amendment need not be filed to include financial statements and information required by Section 10(a)(3) of the Securities Act or Rule 3-19 of Regulation S-X if such financial statements and information are contained in periodic reports filed with or furnished to the SEC by the Registrant pursuant to Section 13 or Section 15(d) of the Exchange Act that are incorporated by reference in this Registration Statement.

5. That, for purposes of determining liability under the Securities Act of 1933 to any purchaser, if relying on Rule 430B:

---

(i) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(ii) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof. *Provided, however*, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

(b) The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(c) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.

Sphere 3D Corp.  
240 Matheson Boulevard East  
Mississauga, ON L4Z 1X1  
Canada

Dear Sirs/Mesdames:

**Re: Registration of 283,262 common shares of Sphere 3D Corp.**

We have acted as Canadian special counsel to Sphere 3D Corp., a corporation amalgamated under the *Business Corporations Act* (Ontario) (the "**Company**"), in connection with the registration under the United States Securities Act of 1933, as amended, pursuant to a Registration Statement on Form F-3 (the "**Registration Statement**"), filed on or about the date hereof with the United States Securities and Exchange Commission, relating to the offer and sale, from time to time by MacFarlane Family Ventures, LLC, of:

- (a) 141,631 outstanding common shares of the Company (the "**Shares**"); and
- (b) 141,631 common shares issuable upon the exercise of outstanding warrants of the Company (the "**Warrant Shares**" and, collectively with the Shares, the "**Registration Shares**") in accordance with the warrant agreement set out on Schedule "A" hereof (the "**Warrant Agreement**").

For the purposes of this opinion, we have examined copies of the Registration Statement and of the Warrant Agreement, as well as copies of the purchase agreement dated August 10, 2015 entered into between MacFarlane Family Ventures, LLC and the Company, and of the amendment no.2 dated September 22, 2015 to such purchase agreement. We have also examined originals or copies, certified or otherwise identified to our satisfaction, of and relied upon the following documents (collectively, the "**Corporate Documents**"):

- (a) the certificate and articles of amalgamation of the Company;
- (b) the by-laws of the Company;
- (c) certain resolutions of the Company's directors; and
- (d) a certificate of an officer of the Company (the "**Officer's Certificate**").

We also have reviewed such other documents, and have considered such questions of law, as we have deemed relevant and necessary as a basis for the opinion expressed herein. We have relied upon the Corporate Documents without independent investigation of the matters provided for therein for the purpose of providing our opinion expressed herein.

In examining all documents and in providing our opinion expressed herein we have assumed that:

---

- (a) all individuals had the requisite legal capacity;
- (b) all signatures are genuine;
- (c) all documents submitted to us as originals are complete and authentic and all photostatic, certified, telecopied, notarial or other copies conform to the originals;
- (d) all facts set forth in the official public records, certificates and documents supplied by public officials or otherwise conveyed to us by public officials are complete, true and accurate;
- (e) the certificate of amalgamation of the Company is conclusive evidence that the Company is amalgamated under the *Business Corporations Act* (Ontario); and
- (f) all facts set forth in the certificates supplied by the respective officers and directors, as applicable, of the Company including, without limitation, the Officer's Certificate, are complete, true and accurate.

We express no opinion as to any laws, or matters governed by any laws, other than the laws of the province of Ontario and the federal laws of Canada applicable therein. Our opinion is expressed with respect to the laws in effect on the date of this opinion and we do not accept any responsibility to take into account or inform the addressee, or any other person authorized to rely on this opinion, of any changes in law, facts or other developments subsequent to this date that do or may affect the opinion we express, nor do we have any obligation to advise you of any other change in any matter addressed in this opinion or to consider whether it would be appropriate for any person other than the addressee to rely on our opinion.

Where our opinion expressed herein refers to the Registration Shares having been issued as being "fully-paid and non-assessable", such opinion assumes that all required consideration (in whatever form) has been paid or provided. No opinion is expressed as to the adequacy of any consideration received.

Based and relying upon the foregoing, we are of the opinion that the Shares have been duly issued by the Company as fully paid and non-assessable and the Warrant Shares, when issued upon exercise of the Warrants in accordance with the terms of the Warrant Agreement, will be validly issued as fully paid and non-assessable.

This opinion has been prepared for your use in connection with the Registration Statement and is expressed as of the date hereof. Our opinion is expressly limited to the matters set forth above and we render no opinion, whether by implication or otherwise, as to any other matters relating to the Company, the Registration Statement or the Registration Shares.

We hereby consent to the filing of this opinion as an exhibit to the Registration Statement and to the reference to this firm on the cover page and under the caption "Legal Matters". In giving this consent, we do not admit that we are within the category of persons whose consent is required under the Act or the rules and regulations promulgated thereunder. This opinion may not be quoted from or referred to in any documents other than the Registration Statement as provided for herein without our prior written consent.

Yours truly,

/s/ Stikeman Elliot LLP
